Improving Methods of Preparing Wool. A few wool growers in the Northwest this season successfully prepared their wool after the methods employed in Australia and New Zealand. As is ing at the door, Georgia, Alabama and well known, in those countries fleeces are carefully examined when they are sheared, and the wool classers make them. sure that only one grade of wool is put into a bale, and that the bales of the same lot are uniform. The fleeces are carefully skirted and each fleece. when it enters the bale, is of even, gerviceable quality.

The Pioneer shed, located near Bitter Creek, Sweetwater county, Wyo., will place upon the market this year 500,000 pounds of wool prepared under the supervision of men familiar with shed operations in Australia and New Zealand. These fleeces were skirted. Toad Destroys Vast Amount of Insect rolled, classed and baled according to the Australian methods. The young men employed in the work in the wool room came principally from the University of Wyoming and from the Rock Springs high school. This represented composed of spiders, crustacea and the first instance of training young worms. Having an amazingly active men at home for employment in the tongue, he captures much of his food industry that is foremost in several on the wing. of the Rocky mountain states.

Ely, Nev., and at Wamsutter, Daley's protect the toad. European gardeners Ranch and Solon, Wyo., did not involve often purchase toads, considering their the use of labor in skirting the fleeces | vigilance in hunting insects well worth and in separating the skirtings into a trifling outlay. was done at Pioneer shed. The fleeces ed with consideration, and as they acading removed the heavy tags, rolled bed, while destroying a vast amount each fleece, and assigned it to be baled of insect life, there is every reason

With this the testicle is sim- of the difference between buyers' and ply grasped with the forceps and de growers' ideas of values, no sales were tached by a twisting movement. Here consummated. Since the selling of one hand can be used also, but the wool was not general at that time, liability of slips is rather greater than there could be no current quotations with which to compare the prices received for better prepared wools with ing of two hinged arms, one of which those received for others of a similar character and quality put up in the oldthe other in an end of similar shape, fashioned way. Of course this experiment this year will not suffice to anmoved, leaving only a narrow rim. swer the question as to how far the western wool growers can profitably proceed in changing methods of preparing wool. Some alterations or modifications of this year's work may be rated, the solid one slipped under the suggested when these wools reach the testicle and the rim then allowed to mills. This year's step, however, has settle down over it. The cord is then been in the right direction, and wool producers throughout the United moved. Careless or too rapid use of States will watch with interest to this instrument is likely to cause slips. | learn the prices received for this bet-

## "CORN BELT" OF THE FUTURE

Strip Now Includes Many Northern States and Will Soon Take in Arable Portion of Country.

The "corn belt" used to be a strip of country running generally from Pennsylvania to Kansas, and including Ohio, Indiana, Illinois, Missouri and the southern half of lowa.

But the fashion in belts is changing, as all fashions are liable to do. The corn belt is spreading itself out. It goes farther east, and farther west, and most emphatically it is moving to the north and south. Michigan, Wisconsin. Minnesota and even the Dakotas and Montana are now in the corn belt. The southern states are knockthe Carolinas are showing that a hun-

The corn belt in the future will extend from Canada to the Gulf of Mexico, and it will reach to the Rocky mountains, if not beyond. It is no longer a belt, but a section, comprising almost the entire arable portion of the United States, and may even include the deserts and the mountains to a lim ited extent.-Farm Life.

# We're Opposed Mail Order Concerns

Because-They have never contributed a cent to furthering the interests of our town—

Every cent received by them from this community is a direct

loss to our merchants-In almost every case their prices can be met right here, without delay in receiving goods and the possibility of mistakes in filling orders.

But-

The natural human trait is to buy where goods are cheapest. ary in the game of life as played today.

Mr. Merchant and Business Man, meet your competitors with their own weapons-

advertising.

Therefore

Advertise! The local field is yours. All you need do is to avail your-self of the opportunities offered. An advertisement in this paper will carry your message into hundreds of homes in this community. It is the surest medium of killing your greatest com-petitor. A space this size won't cost much. Come in

and see us about it.

this paper talks to the

whole community.

Catch the Idea?

HOW about that printing Job you're in need of? Come in and see us about

It at your first opportunity. Don't wait until the very last moment but give us a little time and we'll show you what high grade work we can turn out.

## Don't Take It For Granted

that just because you are in business, everybody is aware of the fact. Your goods may be the finest in the market but they will remain on your shelves unless the people are told about them.

if you want to move your merchandise. Reach the buyers in their homes through the columns of THIS PAPER and on every dollar expended you'll reap a handsome dividend.
